SLOW DOWN

Facilitators, presenters, trainers, participants... anyone speaking during the event, **speak at a moderate pace**. **Take a breath** after each sentence, **take a pause** after switching speakers and asking questions. Slowing down supports **EVERYONE**, not just interpreters.

SPEAK-UP

Speak loud and clear! Ideally, **using headphones with a mic**. Interpreters need to be able to hear the speaker over the sound of their own voice when doing simultaneous interpretation.

HABLAR DESPACIO

Facilitadorxs, talleristas, presentadorxs, participantes... Cualquier persona que participe durante el evento, hable a un ritmo más lento. **Respire** al terminar cada frase, **pause brevemente** al hacer una pregunta o cuando le pase la palabra a alguien más. Hablar más despacio apoya a **TODXS**, no solamente a lxs intérpretes.

HABLAR EN VOZ ALTA

¡Hable claramente y en voz alta! Use audífonos con micrófono si es posible. Lxs intérpretes tienen que poder escucharle sobre el sonido de su propia voz cuando están haciendo interpretación simultánea.

Language Justice (continued)

SAY YOUR NAME EACH TIME YOU SPEAK

Folks listening to the interpretation might only hear the interpreters voice, so they will not notice when a new person is speaking.

DECIR SU NOMBRE CADA VEZ QUE PARTICIPE

Es posible que las personas que están escuchando la interpretación solo escuchan a lxs intérpretes, así que no saben en que momento cambio la persona que esta hablando.

ONE PERSON AT A TIME

Interpreters can only interpret for **one person at a time**, and they don't want to be put in the position of having to decide which voice to privilege over another.

UNA PERSONA A LA VEZ

Lxs intérpretes solamente pueden interpretar por una persona a la vez, y no quieren estar en la posición de tener que dar privilegio a una persona sobre otra.

LANGUAGE IS NOT A BARRIER

To the contrary, when we have multiple languages in a space, **we have multiple cosmovisions**, and multiple ways of understanding the world. We have the opportunity to expand and deepen our perspective, our imaginations, the possible strategies, tactics, and visions for what is possible.

EL LENGUAJE NO ES UNA BARRERA

Es todo lo contrario. Cuando hay múltiples idiomas en un espacio, hay **múltiples cosmovisiones** y varias maneras de entender el mundo. Nos da la oportunidad para expandir y profundizar nuestra perspectiva, nuestras imaginations, las posibles estrategias y tácticas, y nuestra visión de los que es posible.
