# General Industrial Facility Priorities

## Purpose

To identify and prioritize specific general industrial facilities and their emissions sources to identify potential emissions/exposure reduction measures and pollutants of interest for air monitoring.

## Instructions

Please identify your top three (3) general industrial facilities of concern in the SELA community. Please provide an address or a description of the locations (e.g., cross streets). Please provide details regarding your concerns. Include days and times if possible.

## Facilities of Concern

Facility Name and Address	Concern details
Industrial Company Inc. 123 Main St. SELA, CA 90001	Fugitive dust and sulfur odors on weekday mornings, usually around 7:30 am.

Please submit your activity sheet to [ab617@aqmd.gov](mailto:ab617@aqmd.gov) by February 11, 2021
