

Table of Contents

CHAPTER 1 INTRODUCTION

Plan Purpose.....1-
Statutory Background1-
PM₁₀ Health Effects1-
Coachella Valley Area Description.....1-
Summary of Previous Plan Implementation1-

CHAPTER 2 AIR QUALITY

PM₁₀ Air Quality2-
High-Wind Natural Event2-
Attainment of Federal PM₁₀ Standards2-

CHAPTER 3 EMISSIONS INVENTORY

Emissions Inventory Development.....3-
Future Year Emissions.....3-
Future Year Controlled Emissions.....3-

CHAPTER 4 MAINTENANCE PLAN

Background.....4-
Maintenance Demonstration4-
Future Monitoring Network.....4-
Verification of Continued Attainment4-
Contingency Plan4-
Contingency Plan Implementation.....4-

CHAPTER 5 REDESIGNATION REQUEST

Redesignation Request5-

CHAPTER 6 NATURAL EVENTS ACTION PLAN

Background.....6-
Natural Events Action Plan.....6-

CHAPTER 7 SUMMARY CHECKLIST

Summary Checklist.....7-

LIST OF FIGURES

Figure 1-1: District, Air Basins, and Coachella Valley Air Monitoring Stations1-
 Figure 1-2: Coachella Valley Communities1-
 Figure 1-3: Palm Springs: 1988-19951-
 Figure 2-1: 24-Hour PM10, 1985-19952-
 Figure 2-2: Annual Average PM10, 1985-19952-
 Figure 2-3: Plot of Paired Whitewater Wash 24-Hour Average Wind Speeds Versus
 Indio 24-Hour Average PM10 Concentrations from Hourly BAM
 Monitoring for 1995 (curve is best-fit polynomial to data)2-
 Figure 2-4: Plot of Paired Indio 24-Hour Average Wind Speeds Versus Indio 24-Hour
 Average PM10 Concentrations from Hourly BAM Monitoring for 1995
 (curve is best-fit polynomial to data).....2-
 Figure 2-5: National Weather Service Height Analysis (Solid Contours in Tens of
 Meters) of the 500 Millibar Pressure Surface for 12Z (0400 PST)
 Friday, June 2, 19952-
 Figure 4-1: Source Contributions to the Annual Average PM10 Concentrations
 at Palm Springs4-
 Figure 4-2: Source Contributions to the Annual Average PM10 Concentrations
 at Indio4-
 Figure 4-3: Source Contributions to the 24-Hour PM10 Concentrations
 at Indio (August 14, 1989)4-
 Figure 6-1: Dust Advisory Card.....6-

LIST OF TABLES

Table 1-1: Historical Population and Population Forecasts1-
 Table 1-2: Seasonal Temperature and Precipitation Data.....1-
 Table 1-3: Summary of Coachella Valley State Implementation Plan (90-CVSIP)
 PM10 Control Measures1-
 Table 1-4: 94-CVSIP Candidate BACM1-
 Table 2-1: PM10 - Days Exceeding Standards and Maximum 24-Hour Concentrations2-
 Table 2-2: Annual Average PM10 Concentrations2-
 Table 2-3: Summary of 24-Hour Average PM10 Measured at the Whitewater
 Wash Blowsand Site and Indio (daily average from hourly BAM)
 in 1995 Under Various Wind Gust Regimes.....2-
 Table 2-4: Hourly and 24-Hour Average Wind Directions (degrees), Wind Speeds with
 Peak Gusts (mph, with gusts indicated by G when reported) and the Highest
 1-Minute Average from the Hour (mph) for District Monitoring Stations
 in the Coachella Valley on June 2.....2-

Table 2-5: Hourly and 24-Hour Average Wind Directions (degrees), Wind Speeds with Peak Gusts (mph, with gusts indicated by G when reported) and Visibilities (miles, when reported) for National Weather Service Stations on June 2, 19952-

Table 2-6: Estimated PM10 Source Influence at Indio on June 2, 19952-

Table 2-7: Expected Exceedances of Federal 24-Hour PM10 Standard.....2-

Table 2-8: Expected Annual Arithmetic Mean2-

Table 3-1: 1995 PM10 Emission Inventory by Major Source Category
Coachella Valley Study Area3-

Table 3-2: 2010 PM10 Emission Inventory by Major Source Category
Coachella Valley Study Area3-

Table 3-3: 2010 PM10 Controlled Emission Inventories by Major Source
Category Coachella Valley Study Area3-

Table 4-1: Annual Average Source Contributions for the Coachella Valley4-

Table 4-2: Estimated Source Contributions for August 14, 1989 at Indio4-

Table 4-3: Base Year and Future Ambient PM10 Concentrations
in the Coachella Valley.....4-

APPENDICES

APPENDIX A INITIAL BLOWSAND STUDY

APPENDIX B MODEL DUST CONTROL ORDINANCE

APPENDIX C CMAQ-ISTEA PROJECTS

APPENDIX D CMAQ-ISTEA PROJECT PROCEDURES MANUAL

APPENDIX E DISTRICT RULE 403

APPENDIX F DISTRICT RULE 403.1

APPENDIX G COACHELLA VALLEY PM₁₀ AIR QUALITY

APPENDIX H COACHELLA VALLEY PUBLIC INFORMATION DOCUMENTS
