## **South Coast AQMD to Host Its Largest Showcase on Latest Clean Vehicles, Equipment and Monitoring Technology**

*Free event gives the public opportunity to interact with emerging technologies*

**DIAMOND BAR** – The South Coast Air Quality Management District (South Coast AQMD) will host its largest in-person showcase featuring the latest clean air technologies. The showcase will feature zero-emission medium/heavy-duty trucks, trailer systems, school buses, law enforcement vehicles, lawn and garden equipment, construction equipment and more (full list below). Attendees will have the opportunity to learn about mobile monitoring labs, air filtration systems, and other innovative technologies designed to improve air quality. Many of these technologies have been developed and demonstrated using various South Coast AQMD grant and incentive programs through public and private partnerships.

**WHO:**

South Coast AQMD Executives  
Local, Regional & State Agency Officials  
Fleet Owners and Operators  
Other Stakeholders

**WHAT:**

View the latest zero-emission trucks, buses, and equipment. The event is free. No registration is required.

**WHEN:**

Friday, March 7, 2025  
9:30 a.m. to 12:00 p.m.

**WHERE:**

South Coast AQMD Headquarters  
21865 Copley Drive  
Diamond Bar, CA 91765

**WHY:**

Attendees can interact with all the vehicles and equipment and learn about incentive funding for clean trucks, buses and lawn equipment. This event is a unique opportunity for stakeholders to engage with industry experts and explore emerging clean air technologies firsthand, supporting the advancement of cleaner transportation solutions.

**VISUALS:**

A variety of clean air technologies and vehicles will be showcased, including:
